JUDGE READE.

The *Standard* of this morning contains a communication of two columns, from the pen of Judge Reade. We think it probable it was sent to the *Standard* office in the name of a member of the Bar, who, perhaps, wrote a part of it. But Judge Reade as certainly had a hand in it as he had in concocting the vile Legislative Address of 1868.

Judge Reade alone bears the odium which attaches to the authorship of that infamous paper, but a Republican informed us that he *knew* John Pool wrote a part of it. It was worthy the hearts and brains of those two guiding stars of Radicalism, and so diabolical were its teachings and tendencies, (even now being nightly shown in the lurid glare of burning barns, dwellings and towns,) that John Ragland—*honest* John—first class rascal and Radical member of the Legislature from Granville, refused to sign it, because of the encouragement it gave, as he himself declared, to negroes to steal and burn; delaring further, that the man who would sign it "ought to be hung with a grape vine untrimmed."

Judge Reade's letter in the *Standard* is about the people of Orange. He advances the startling and novel idea, "that they are not mules nor asses, but human beings!" He ought to have a patent for his discovery. There is no man in all the South more demoralized by reconstruction than Judge Reade. He now attributes malignity to the editor of the "Old North State;" no man whose own heart is not steeped in malignity would attribute that quality to Hon. Lewis Hanes, who is a man of even temper, and is never carried away by passion or prejudice.

Judge Reade attributes the authorship of the Orange County resolutions to the pen of Gov. Graham. But these resolutions were not the production of any one pen, but were drawn by two different gentlemen; so Judge Reade is mistaken in attributing them to Gov. Graham.

The Judge also in his communication attempts a defense of the ability and learning of the Circuit Judges. We think he indeed will leave that task to "Dad," Joe and the *Standard*, who are excellent at making giant wax figures from dwarf models. No man can claim for our Judiciary learning, ability, integrity or decency, without subjecting himself to the suspicion of speaking ironically, or the charge of perverting truth.

WARY PEKOOLIAR!

The President of the late Radical State Convention, John Pool, has announced today the State Republican Executive Committee. In looking over the list we are struck with the absence of some names, that used to be prominent in the councils of the tribe. Especially does the present list exhibit a plentiful scarcity of carpet baggers, particularly white carpet baggers. This is very pekooliar.

In the next place we notice changes in names, in almost every district, for instance, the list drops R. C. Albertson, D. D. Colgrove, G. Z. French, J. W. Hood, W. T. Sherwood, W. Gleason, A. W. Tourgee, W. F. Henderson, Jerry Smith, John Clayton, G. W. R. Garrett, W. H. Logan, C. C. Jones, C. L. Harris, and others. Now, either these men did not want to serve, or the Governor and John Pool didn't want them to serve; and the fact that a great majority of the names of the old Committee were retained and these were dropped, is very pekooliar.

We notice the further fact that the *Governor* is still the Chairman of the Committee. Such a thing as a Chief Executive of a State occupying such positions, was formerly unknown, and that any Chief Executive who has a proper respect for the dignity of the office he holds, to stoop to such actions would, indeed, be something very pekooliar.

The fact that a man having pretentions to decency, and who has heretofore maintained a character among honorable men, having thrown himself into the arms of the foul and corrupt Radical party—(we are *not* alluding to rotating Dick)—may account for the cold shoulder that is turned to some who have heretofore been looked upon as "some pumpkins" in the ranks of the "truly loil." But that there should be great joy in the camp over such an acquisition, when that sort of material is so scarce among them, is not very pekooliar. We shall hereafter examine into the grounds and reasons they may have for this rejoicing.

The old-new Chairman has called a meeting of the Committee, for the 4th of June, for transacting "important business." In view of the fact that there are a good many kinks and tangles in the web of Radical fate, just now, we do not think that this urgent call "on important business," is at all *pekooliar*.

WITHDRAWN.—We understand that Hawkins Raiste, who was nominated on the ticket for School Commissioner in Swift Creek Township, declines the nomination, not from party reasons, but that he does not wish to undertake what he thinks others better qualified to perform. The name of Kit. Holleman is suggested to fill the vacancy, and we have no doubt the arrangement will be satisfactory to the people of the Township.

The *Standard* is regarded as the poorest edited paper of the State. All Joseph Williams can write in his lucid moments is black-guard attacks upon the SENTINEL, and lying accusations against the purity and moral character of our most respected citizens. The Republican party has certainly gained nothing in the change of editors.—*Tarboro Southerner.*

J. W. HOOD.

We noticed and criticized, a few days ago, the appointment and pay of J. W. Hood, as Assistant Superintendent of Public Instruction, designating him as a "Connecticut negro."

We have received a communication from Hood in denial and explanation of some of the facts we stated, and at first agreed to insert it entire, but, as in doing so, we should be compelled to make remarks on some of his positions that might be made grounds for controversy, for which we have neither time, space nor inclination, we have concluded to give the substance of what he says on the points mentioned in our article, and there let the matter drop.

He says he is not a "Connecticut negro," but was born on the line between Pennsylvania and Delaware, but had preached two years and a half in Connecticut.

He claims that his appointment is legal under the 9th section of the IXth article of the Constitution, which gives the Board of Public Instruction legislative powers; all which may be true, as we believe Radical officials can do anything they please under their Radical Constitution.

He also denies that he has been engaged in forming or re-organizing leagues, and says he has not been in a league since 1868. All very good, and if he does not use his influence to further of the ends and aims of party, while on his lecturing tours, it is better.

There are other points in the communication which, we think, appertain more to the occasion of political stump speaking than to a publication rectifying "mistakes," therefore we let them pass unnoticed.

In conclusion; we are no more convinced than we were before, of the legality or propriety of appointing an Assistant Superintendent of Public Instruction, at a salary of $1,000 and traveling expenses, at the expense of the people, simply to wind up and keep running as useless a machine as our Common School system is at present.

ELECTIONS IN NEW YORK.

The result of the election in New York, on Tuesday last, resulted in a largely increased Democratic majority. The majority last year was, if we recollect rightly, about 12,000; this year, although the negroes came in as voters for the first time, the majority is swelled to a point certainly beyond 50,000; some of the papers estimating it as high as 75,000.

The city of York gave a majority of 60,000. The *World* says, "our victory has been thorough and complete. It is all that we could ask for, and proves that the Empire State is safely and surely anchored on the Democratic side. She is so firmly stationed there that no Radical storms or tornadoes can drive her from her moorings, and there she is destined to remain, as the banner State of the Democracy, for her sister States to rally around in the great struggle that is soon to come to redeem the national government. Let the column move on."

Thus the cheering indications of destiny point to the downfall of Radicalism. Connecticut leads off, while all the "signs of the times" show that other States, like New York did on Tuesday, will follow in the same direction. Let the ball roll on, the streaks of day-light are broadening in the east; North Carolina will follow in due time.

For the Sentinel.

CHAPEL HILL, May, 1870.

MR. EDITOR:—I know you are thought to be the "right man in the right place."—I know your long attachment and friendship for our old neighbor, Mr. Samuel F. Phillips. I know your admiration for Judge Badger while living, and your veneration now for that good, great man.

I fear these considerations have, and will restrain you in showing up your old friends Badger and Phillips in the lights and colors which the people should see them. Have you forgotten that Mr. Phillips, from his acts, is entitled to the distinction of being one of the most inconsistent and unreliable politicians, I will not say statesmen, in the State? Have you forgotten the meeting of the people in Orange in Feb. 1861, when you and Governor Graham and the late lamented Swain and Berry spoke and voted together against a convention to secede, and to the astonishment of all, Mr. Phillips marched off under the secession banner?

Have you forgotten the controversy between Mr. Phillips and Mr. Jones Watson since the surrender, Mr. Phillips denying that any of the blood of this war was upon his hands, and Mr. Watson proving that he and Mr. Phillips made war speeches to encourage volunteering?

Do you remember the contemptible manner in which Mr. Phillips attempted to extricate himself and to show there was no blood upon his hands? Have you forgotten how Mr. Phillips, before a rebel Legislature, with a most shameful subterfuge, attempted to show his eligibility when his right to his seat was questioned? Have you forgotten when Mr. Rogers, the Attorney General, gave his opinion to Governor Vance against the constitutionality of a certain proclamation he issued, that Mr. Phillips also gave an opinion? That he gave up the legality and constitutionality of the action, but said the necessity of the proclamation justified it? Yes, justified it; just as his necessities for the place of Attorney General justify his approval of Radicals driving his brother Charles and the old Faculty from the University? Just as his necessities make him justify the public robberies committed upon the people of the State? Just as his necessities make him cry out, "the Republican is the poor man's party," instead of the rogues' party?

I saw in your paper last week that the editor of the *Standard* would employ somebody to edit you, while he would assume the responsibility. Just employ me, Jo, to edit Messrs. Phillipps and Badger. I will make the fur fly like you do from chicken Stephens, Sinclair and Billy Henderson.—The Radicals are greatly rejoiced over Mr. Phillips's departure and apostacy from political truth and virtue.

Mr. Phillips is better known here than anywhere else, and we tell you the truth when we say, he will not be able to carry one vote more for Attorney General than the Governor's son in law or William F. Henderson. Say, will you allow me to edit him and you take the responsibility? Will you allow it, and *I* take the responsibility? I have made this letter longer than I intended, but I could not say less.

Yours,

NEW HOPE.

THE GREAT FIRE AT HENDERSON—ADDITIONAL PARTICULARS.

HENDERSON, N. C. May 19, 1870.

As the smoke and wreck clears away, I can write with more collected senses of the great calamity with which we have been visited; but so stunning was the blow, that even now, after a lapse of two days, we do not know the exact amount of our loss—It is quite certain that it will not fall below the amount stated in my letter of Tuesday, viz: *Eighty thousand dollars.*—This is the estimated value of the property destroyed, and of course does not include the loss arising from the suspension of business. I believe that the total destruction of property, when the amount is ascertained, will not be far short of $90 000.—The amount of insurance is little, if any, above what I stated, viz: Thirty-five thousand dollars. Of this the Liverpool, London and Globe Company lost nearly $20,000. The amount insured in the N. C. Home is $13 500. Goods saved will reduce this Company's loss to about $10,000. Dr. Murdock, their Agent, was on the scene of the fire all day yesterday, making up reports, inventories, etc., for his Company.

The following parties were not reported in my first communication: J. E. Dunn, $100; Dr. V. E. Turner, some furniture; James F. Lamond $125; R. Slater $50.—Several clerks lost clothing, pocket money, and other things of more or less value.

The following loss is in excess of the amounts previously stated the sums annexed as nearly as can be arrived at now: L. H. Rittle & Bro., $1,500 to $2,000 goods, corn, etc.; W. Hamilton Young, attorney at law, probably $500. This does not include papers of clients, and law books belonging to other parties. Capt. Young's insurance was not so large by $2,000 as was first supposed. J. W. Vaughn's was $500 larger, though his total loss is much heavier than I stated. As it is utterly impossible to do more than approximate the losses.

The subjoined incidents may possess interest sufficient to entitle them to a place in your columns. Mr. Hal Fetter, son of Prof. M. Fetter, jumped from the long house belonging to Capt. Young just a moment before the roof fell in. For some time it was thought he was burned to death. He acted nobly during the whole fire. The oldest son of Mrs. Alley as soon as he heard the alarm of fire took his little brother in his arms and seated him at the back or the garden, commanding him peremptorily to remain there until he came for him. The little boy otherwise would have been in the way. Nat Young, a colored *boy*, fell from the roof of Capt. J. J. Young's residence, but his fall was broken by a ladder and he bounded to the ground without serious injury and went to work again. Chas. James Horne, a young English picture seller, climbed the steep roof of Capt. Young's residence and spread blankets, which he kept wet with successive buckets of water until the danger was over. Some of the ladies worked nobly in getting the goods out of the stores.

* * * * * * *

The colored people all worked nobly to save the town. I do not believe they could have done more than they did. The following colored men were conspicuous in their exertions: George Compton, John Blacknall, Haywood Reavis, Nat Young, Zan Reavis, Henry Watkins, and Wesley Mayfield. There were many others.

* * * * * * *

It is certain that the infamous villain who committed the damnable deed will be unable from the gnawings of conscience to keep a knowledge of it to himself. His crime will find him out before he dies.

Our people will do what they can to revive the place, but the prostration of business will be hard to recover from. If the eyes of God are not cast in mercy upon us there will be terrible suffering. We make no appeal for the strong but only for the weak and helpless widows and orphans.—Who will help them?

JOHNSTON COUNTY CONVENTION.

On Saturday the 14th of this month, the citizens of old Johnston from all her borders met at the Court House in Smithfield, for the purpose of selecting candidates for the various offices to be filled by the election in August next.

Maj. H. J. Rials was made Chairman of the Convention, who explained its object in a few appropriate remarks.

The following nominations were made and unanimously adopted:

For the Senate—L. R. Waddell.

For the House of Representatives—Wm H. Joyner and Jesse Hinnant.

For Commissioners—W. N. Rose, Jr. P. Godwin, J. W. Lee, Simon O'Neal and Eli Turlington.

For Register—Jesse A. Adams.

For Treasurer—[illegible] Sneed.

The Convention unanimously adopted the Conservative Address of the late General Assembly as their platform.

On motion, a vigilance Committee of three from each Township and five from the county at large was recommended and adopted.

The following gentlemen were selected as delegates from the county, to the District Convention, to nominate a candidate for Congress: W. H. Sanders, Dr. J. T. Leach, Maj. H. J. Rials, L. Eldridge, J. W. Sharp, W. H. O'Neal, W. H. Joyner, E. A. Brazell, J. H. Abell and Jas. M. White.

The day was a glorious one for Johnston. The Court House was crowded with her citizens the old, the young, the bone and the sinew of the land. Determination and zeal were in every word and action. Not a jar affected any of the proceedings, union, peace, harmony and entire satisfaction prevailed. While the Committee on nominations and resolutions were absent, short but stirring and enthusiastic speeches were made by Dr. J. T. Leach, W. H. Sanders, Messrs. Sharpe and Abell.

Radicalism is dead here. *Such concord as this can meet with no discord to mar it.*—The day light is dawning and soon our political horizon will be clear, bright and glorious. Well done for old Jonston.

H. J. RIALS, Chm'n.

B. W. YOUNG, Sec'y.

May 19, 1870.

THERE are two applicants among the Republicans of this city, for a seat in the State Senate, viz: A. H. Galloway (late incumbent, and Wm. McLaurin, both colored, while there are nine candidates for nomination to the House. These are, G. L. Mabson, (colored). W. H. Moore, (colored), Geo. W. Price, (colored), Allen Evans, (colored), E. F. Martin, (colored), J. S. W. Eagles, (col'd), Dr. W. W. Myers, (white) and A. H. Morris, (white). The "seven dollars per diem" is presumed to be the principal attraction. *Wil Journal.*

HON. J. M. LEACH.—We are informed that this gentleman said, in a speech at Albemarle last week, that he would abide the action of the nominating Convention on the 26 h, *provided* it was a full and fair Convention, which duly represented the Conservative people of the District.

We trust that it will be such a Convention, and its action will produce harmony in the ranks of the opposition.—*Old north state.*

ATTEMPTED HOMICIDE.—The notorious Peter Kenan, who has been in "durance vile" almost constantly for the last twelve months, on account of his multifarious misdeeds, and who was but recently been discharged from the county jail, has again gotten into "hot water." On last Friday night, having previously assaulted his wife that he was going to leave the city for more comfortable quarters, he commenced packing up his wardrobe preparatory to starting. When he asked permission of his wife to enter her room for the purpose of packing his child before leaving. He was allowed to do so, when, approaching the bed upon which his wife and child were lying, he drew a knife and plunged it twice, as he thought, into her body.

Thinking he had accomplished his purpose, he then hastily left the house.

Fortunately, however, the knife only penetrated the arm of Mrs. Kenan, inflicting very painful wounds, but failing to consummate the object intended. This was between 12 and 1 o'clock on Friday night. On Saturday morning, on the circumstance becoming known, a warrant was issued for the arrest of Peter Kenan on the charge of committing an assault upon his wife, Mary Kenan, with a deadly weapon, with intent to kill. The police were put upon the alert and for several days and nights active exertions were made to effect his arrest, but up to this time without success.

Reports have reached the authorities from different sources that he has been seen since the attempted murder, that he was disguised by the use of false whiskers and moustaches, and that he declared his intention of not leaving the city until he had accomplished the murder of his wife. Kenan is one of the most desperate characters with which our city has ever been cursed. He seems to be "constitutionally" opposed to the monotonous life of a quiet and orderly citizen and is always like "a fish out of the water" when he is not perpetrating some violation of the laws or dodging the officers to escape the punishment which he so justly deserves.—*Bal. Sun.*

TREASON.—More troops should be sent to North Carolina at once; the rebellion has again raised it hydra head in the Tar State. There is a deluded individual down there who is trying to break up the Government; yes, he has already been sapping the foundations of the republic and robbing freemen of their liberties. The name of this miscreant is Holmes, John L., and his insult to the Government which is protecting his traitorous life and the property accumulated by the sweat of slaves, consisted in calling a negro alderman, by the name of Anthony Howe, whom he had known in the benighted days of the slave oligarchy, as Anthony, simply Anthony, without any Mister or Howe. This wicked, rebellious and contumacious conduct on the part of lawyer Holmes was so clearly an attempt to consign Anthony to slavery again and put upon him moreover a heinous and diabolical indignity, that Judge Cantwell (ex-secession cockade wearer), who represented the power of the Government and the majesty of the law on this interesting occasion, promptly crushed this high handed attempt at treason by fining the offending lawyer one hundred dollars for his want of reverence to one of the nation's wards in calling him "Anthony." The learned Judge having thus defined the position of the Government on this momentus question and read the sullen Holmes a lecture on the monstrous nature of his offense in daring to call a negro by his christian name, retired to the bosom of his family to partake of cold huckleberry pudding. Let no limb of the law hereafter dare to insult his country by taking the name in vain of one of its cherished black darlings.—*Tow. Con. Jou.*

A prominent Shipping House of Liverpool writes us to-day, asking if we will engage to furnish them with return freight, if they put on a line of Steamers to carry emigrants direct from Liverpool to Wilmington in our State. All they ask is for us to insure them this, and they will put on a steamer at once.

Here is an opportunity offered for us to ship the products of this good old State direct to Europe, without paying tribute to any of our sister States: who will assist us in bringing this about?

The above is extracted from an advertising letter of B. Kingsland, Secretary of the North Carolina Land Company, as we find it in the Raleigh SENTINEL.

We think that the enquiry contained in the last paragraph can be easily and satisfactorily answered. Let the line be established and we are sure that the steamers will never remain idle for the want of freight. A steam connection with Europe has long been a cherished desire with some of our leading merchants and we doubt not that they will all do much to favor such an establishment. We have not the money with which to build and equip these steamers, or an enterprise of that kind would probably have been long ago inaugurated, but we have the produce with which to load them. A direct communication between our cotton, turpentine and tobacco producing regions and the manufacturing districts of England could not be productive of anything but mutual benefit. Yes, send us the Steamships loaded with emigrants and we will return them to you freighted with the wealth of our fields.—*Wil. Journal.*

DESTRUCTIVE HAIL STORM. On Friday evening last a violent hail storm passed over the upper portion of this county, completely destroying the cotton crop of Mr. J. J. Phillips, and considerably injuring his corn crop.

It is somewhat remarkable that the farm of Mr. Phillips was the only one in the line of the storm seriously affected, other planters suffering comparatively little.

Mr. Phillips has been compelled to entirely replant his cotton crop.—*Tarboro Southerner.*

CONSERVATIVE MEETING.

There will be a meeting of the Democrats and Conservatives of this city, at the Court House, on Saturday evening next, at eight o'clock, for the purpose of appointing delegates to the District Convention, which will shortly be held at Franklinton.

COUNTY CONVENTION.—It is suggested by a number of our friends, that Saturday, the 4th of June, be fixed on as the day for holding our County Convention, especially for the purpose of nominating delegates to the District Convention at Franklinton, on the 8th and 7th of June. We suggest that the Township meeting called at the Court House to-morrow evening, consider the propriety of agreeing on the day named.

ATTENTION CLERKS.—You are requested to meet at your usual place of meeting to night at 9 o'clock. A. L. ADAMS.

CAGES.—Passing by friend Lougee's Tin Store to day, we noticed that he has on hand a good assortment of cages for canary and mocking birds, and also, squirrel cages. This is the season for using these things and we mention them that those in want may know where to find them.

SINGULAR ACCIDENT.—We have a rooster—a very fine bird, of the "Wild Indian" stock, which was presented to us by a friend, at the State Fair, last Fall. This rooster, flying down from a slight elevation, a few days ago, and lighting upon a piece of split wood, stuck a splinter in his foot, or rather, through his foot, by which he is rendered unable to walk a step. It is the first time we ever knew a domestic fowl of any kind to meet with such an accident.

TURTLE SOUP.—Pepper and O'Conner will have some of this excellent soup to morrow at 11 o'clock. Families, by applying early, can be supplied. Try it.

CLUB CELEBRATION.—The "Ugly Club" of Davidson College wants us to come to their annual celebration on the 30th inst., but we have no idea of bringing our plain in competition with the prize mugs and cockeyes of *that* set, and thus spoil their prospects of medals.

WARRENTON FEMALE COLLEGE.—The annual commencement exercises of this flourishing institution, after a year of great success, will be held on the 2nd of June, *prox.*, at which time the Concert by the music classes will form one of the attractive features.

We acknowledge the courtesy of an invitation to be present, of which we, the Lessi, will avail, if our engagements at the time will permit.

HOW TO GET FLOUR CHEAP.—The Editor and the Local of the SENTINEL received, each, a barrel of flour from New York, some time ago, through the General Supply Agency of W. H. Avera of Wake Forest, and having fully tested its quality, are prepared to speak of it as it deserves.

In the first place, then, the flour is of superior quality, being strictly "family," live and white.

In the second place, it being purchased directly on the Flour Exchange in New York, by a dealer who purchases only in huge quantities and to fill orders, those ordering through this Agency are always sure to get a *fresh* article, and to get it at the very lowest market price, and, by a special arrangement, the freights on flour thus ordered are extremely moderate.—Flour buyers would be astonished to learn the low price at which such flour as that we received can be bought.

All the necessary information on this subject, as to price, quality, manner of ordering, &c., can be obtained on application to W. H. Avera, Wake Forest, to whom we refer flour dealers and private buyers, with a confidence that they will find it to their advantage to correspond with him on the subject.

JNO. D. SIMPSON of Williamston writes that we have done him some injustice in some article in the SENTINEL; we don't know what he alludes to—don't recollect ever hearing the name before. What was the article about? when was it published? He says it was on the 1st of May, but that being Sunday, we didn't issue any paper on that day.

NOTICE—BENEFICIAL TO ALL WHOM IT MAY CONCERN.—Persons indebted to the undersigned, will come forward and settle within 15 days from date, if not their names, amounts (and what for!) will be published for 30 days. PHIL THIEM.

WARNING TO HUSBANDS.

The great want of women at present is money—money for their personal wants, and money to carry out their plans. I propose that they shall earn, that they shall consider it as honorable to work for money as for board, and I demand for them equal pay for equal work. I demand that the rearing and rearing of children, the most exacting of employments, and involving the most terrible risks, shall be the best paid work in the world, and husbands shall treat their wives with at least as much consideration, and acknowledge them entitled to as much money, as wet nurses.

The meaning of this is, that wives are about to strike for greenbacks; so much *for every baby born.* No greenbacks, no more population; no more boys to carry on the great enterprises of the age. The scales of prices for maternal duties are as follows:

Girl babies,	$100
Boy babies,	200
Twin babies,	200
Twins (both boys,)	400
Triplets,	600
Triplets, (all boys,)	1,000

Terms—C. O. D. No credit beyond first child, the motto being, "Pay up or dry up." Husbands who desire to transmit their names to posterity will please notice and take a new departure.—*Revolution.*

Valuable and Reliable.—"Brown's *Bronchial Troches*" will be found invaluable to those exposed to sudden changes, affording prompt relief in cases of Coughs, Colds, etc. For Public Speakers and Singers, and those who over-tax the voice, they are useful in relieving an irritated Throat, and will render articulation easy. *As there are imitations, be sure to obtain the genuine.*

The Wear and Tear of Business Life.

The cares and labors of business life are apt to tell severely upon the health and constitution of the ardent, energetic business man, and when the need of some sustaining agent is felt, stimulants that cause only a temporary exhilaration, and leave the system in a state of partial collapse when their first effect has passed off, are too often resorted to. As certainly as fire leaves behind it a residium of ashes, the use of the adulterated liquors of commerce produces premature exhaustion and decay. Touch them not, Touse and regulate the overtaxed vital machinery with Hostetter's Stomach Bitters. In that wholesome elixir, the alcoholic element, which is the purest derivable from any source, is tempered by the choicest tonic, aperient, anti-bilious and anti-febrile vegetable extracts and juices. To strengthen, recruit, solace and purify the system is the mission of the great vegetable specific. When the stomach is in a healthy state, the bile flows regularly, the bowels perform their office properly, and the telegraphic fluxes of the nervous system are in perfect working order, an enormous amount of labor can be borne without risk or inconvenience, and the direct effect of the Bitters is to promote this vigorous condition of the functions upon which the nourishment of the body, and its power of endurance mainly depend. The great tonic and alterative is therefore emphatically recommended for the remarkable strengthening properties, to all upon whom the responsibilities of life press heavily, and who feel like fainting under the burthen. A lively appetite, a splendid digestion, elastic spirits, and a marvellous ability to withstand fatigue, are among the blessings justly ascribed to the renovating operation of this palatable and powerful cordial, and as a spring and summer alterative, there is nothing in the materia medica that can be compared with it.

WASHINGTON.

WASHINGTON, May 19.—Mr. Jacobson, a member of the bar of this city, departs for Vicksburg to fill vacancy as District Attorney for the South district of Mississippi.

The Sutton Howard corruption investigation is about drawing to a close. The chief trouble seems to be about using government lumber and hall bricks.

One of the Judges of Wyoming Territory has arrested the sequestration of certain portions of the Pacific Railroad. Several Senators and Representatives demand the removal of the Judge, but the President prefers referring the matter to the Attorney General. The charges are generally believed to be idle, and are pressed by Californians against Judge Field, of the Supreme Court, with a view to his impeachment. The best California people say the charges are mere spite.

In the Southern Pacific Railroad bill as reported by the Senate, Tuesday, a mistake in printing occurred. Where it is provided that 5 miles shall be built in the second year at the "Western" end of the road, it should read at the "Eastern terminus." The question of usage was carried in the Committee by a three majority. It is generally understood that the entire provision regarding the guage, will be struck out of the bill, thus leaving it to be determined by the Company, or the first 100 guage will be established.

SENATE.—A memorial was presented representing that naturalized citizens of Rhode Island cannot vote unless certified as to real estate, and asking remedy therefor.

Bills to appoint an appraiser of merchandise at Mobile, and to reduce taxation, were favorably reported.

The bill to enforce the 15th amendment was discussed.

Hamilton of Maryland said it would practically repeal all registration laws, and that if passed, no one would be safe in asking to a negro before an election, because he (the negro) was to have the right upon his affidavit to cause the arrest of any man he might charge with a supposed interference with his rights.

Schurz admitted the truth of the democracy charge, that his party had remained united the contest by the idea and other amendments, and argued that the changes in the government of policy, caused by the war was a revolution that swept off individual rights in States.

Pool took the position that Congress could constitutionally enter a State and deal directly with the rights of electors. That the prerogatives of citizenship could not safely be left to the caprice of the States.

Howard said that the right of the black man to vote is the surest guard for half a century yet be the only safeguard for peace and the national authority. If the rebel leaders ever came into power again the war would have to be fought over. The South had lost their property and their boasting spirit, but as they gained access yet to come they would not lose their indomitable hatred of Northern society and Northern governments. In case of a foreign war we would see a disposition at the South to join the enemy so as to put down this power, upon which they so hate. We will never agree to universal amnesty for them, for then Jeff. Davis and the principal leaders, would come back to power, for the cause. His personal pride would never allow him to see his name on the same list of pets and boys with petty traitors and enemies of his country.

The Judiciary Committee presented a report on the investigation as to corrupt means and influences brought to bear on Senators in order to secure the passage of the Georgia bill. The testimony is voluminous.

HOUSE.—A very bitter discussion occurred upon the feature in the appropriation bill, which provides for sending a minister to Rome. Sharp passages took place between Bingham and Voorhees, each at times that the other was playing for the Catholic vote.

Banks made a personal explanation, defending the Fair Oaks treaty, that the safety of this government depended upon the acquisition of the neighboring Islands.

Revenue to-day $678,000.

Governor Geary of Pennsylvania, interviewed the President to-day.

The War Department places the army at the disposal of Census Marshals.

The Senate Committee on Foreign Relations discussed "Cuba" this morning, but took no action.

The revenue assessments for North and South Carolina shows an increase of 22 per cent over last year.

PENNSYLVANIA.

PHILADELPHIA, May 19.—The General Assembly of the United Presbyterian Church assembled this morning. The proceedings were opened with prayer by Rev. M. W. Jacobus of Allegheny, Pennsylvania, Moderator of the last Old school Assembly, which was followed by a sermon on "One Spirit and one body, the bond of the Christian Church," by Rev. T. H. Fowler, D. D. of Utica, N. Y., the Moderator of the last New School Assembly.

FOREIGN.

LONDON, May 19.—The *Times* has a remarkably bitter editorial article on the alleged mismanagement of the Erie Railroad affairs and the course pursued in relation to its shares in the stock market. The writer asserts that the standard of commercial morality is lower in New York than anywhere else in the world. Whatever is in England would be deemed crimes, are there regarded as masterpieces of financiering.

It calls on the American people to purge themselves of this reproach.

The *Times* also has an article on the yacht race. It says that there is no schooner in England that can cope with the American "Sappho," which throughout the match was handled by an English Captain and crew.

The Daily *News* explains that the telegram published on Tuesday morning by the Central Press Association, announcing the award of the prize to the sappho, was premature. It was late yesterday afternoon when the sappho was pronounced winner. The Judges arrived at this conclusion from the Columbia having disregarded official instructions regulating the race, but which were faithfully observed by the Sappho.

The *Telegraph* has a sensational paragraph giving the strength and plans of the Fenian organization in this country.

The news from Spain to-day is important though conflicting; dispatches received from Madrid direct report that the Council of Ministers have determined to confer upon Serrano, Royal Attributes, if no candidate for the throne is found within a reasonably short time. On the other hand, some of the continental news agents have just forwarded telegrams to the effect that the Regency will thrust the crown upon Espartero in default of any other candidate.

It is believed in some quarters that his resolution to decline the crown is not absolute and final.

PARIS, May 19.—The police made several more arrests to day of persons believed to be connected with the regicide.

Some houses were searched and more bombs were found.

TORONTO, May 19.—The *Globe* and *Telegraph* have strong articles in favor of building a canal on British ground &c.

COLLINGWOOD, May 19.—The steamer Chicora arrived at 7 o'clock this evening having again been refused permission to pass through Sault St. Marie Canal Col. Boston, commanding the British forces, waited on Gen Cooke, commanding the District, and asked the intentions of the American government with regard to the Chicora. Gen. Cooke replied: "My instructions are absolute. Nothing whatever connected with the Red River expedition can pass the Canal. I must, therefore, absolutely refuse to allow the Chicora to pass."

OHIO.

CINCINNATI, May 20.—The General Synod of the Reformed Presbyterian Church of North America, yesterday elected Rev. Dr. McLeod of New York, Moderator, Rev. Dr. Steel of Philadelphia, secretary, and Rev Mr Woodside of Brooklyn, assistant secretary.

On taking the chair, Dr. McLeod made a short address, alluding to his connection with the Synod as stated clerk for 37 years. He looked upon this as a crisis in the history of the Reformed Presbyterian Church, and hoped the Synod would not be governed by a partisan spirit in its deliberations.

Reports of Presbyteries were received. All those that referred to the subject of an union with the United Presbyterian Church favored it, except the Eastern and Philadelphia Presbyteries which were opposed to the union. The Ohio and Chicago Presbyteries did not refer to the subject.

A NEW DISCOVERY!!
PHALON'S
"VITALIA;"
OR,
Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color!

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

PURELY MUTUAL. DIVIDENDS PAYABLE AT THE END OF THE FIRST YEAR AND ANNUALLY THEREAFTER.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid for dividends at the end of *one year*, and each year thereafter, equals FIVE HUNDRED DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and no injurious to the eyes. Ask that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

OF ST. LOUIS, MISSOURI.

JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150,000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of, wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

UNPREGEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparatively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers *gratis*.

Insurers, in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.
